MEMORANDUM FOR THE RECORD

SUBJECT: Chapter I on NIS 28A

25X1A9a

25X1A9a In our staff meeting on Friday, 15 March, [REDACTED] agreed to ask the producers of Chapter I on 28A about the advisability of proceeding with it as scheduled. [REDACTED] reported this morning 25X1A9a that both [REDACTED] want to go ahead with it, due for production in July. I suggested to [REDACTED] we await further 25X1A9a developments and make no change in the existing Chapter I schedule for this part of the Middle East.
